This book came together, seemingly in "no time." In November of 2008, I started a journey of writing 365 Prayer Prescriptions, one day at a time, without skipping a day.

This book of 365 Prayer Prescriptions For Dogs And Cats came together in the amount of time it took God to create heaven and earth, which will always be a work in progress.

Thinking about all the dogs and cats I loved throughout my life was a journey in itself. I have loved many and so far, my life is long. This book can be used as a divination tool. Open it up anywhere and see what surfaces in your consciousness. Then, in the space underneath that particular Prayer Prescription, write your own.

That's it.

Prayer Prescriptions are yours if you want them. They belong to every religion and spiritual practice. They turn your mind around to a loving perception.

Prayer Prescriptions are a cleaning tool, similar to Ho'oponopono and EFT. This

is why writing your own Prayer Prescription is so important. They are yours, and by your own words, You Are Healed.
