Maybe we're biased because we love it so much, but we're the kind of crochet enthusiasts who will work with yarn all year round, even when the weather is too hot to be comfortable with all that wool sitting in our laps. We're also the kind of crochet enthusiasts who will crochet hats all year round, even though you only need to wear them a few months out of the year. At least we'll be prepared and have lots of warm options once the cold weather arrives, right? There's something about Christmas, though, that really kicks our crocheted hat fever into high gear, especially if a pattern involves a fun holiday theme!

Check out these awesome Christmas hats that will help you get into the festive spirit using just some wool and your crochet hook!
