

Discover the Latest Advancements at the 11th International Tbilisi Symposium On Logic, Language, And Computation (TBILLC) - A Gathering of Brilliant Minds

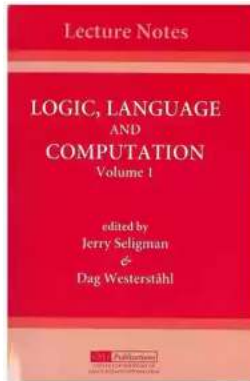

The 11th International Tbilisi Symposium On Logic, Language, And Computation (TBILLC) is poised to be the most anticipated event of the year for academic enthusiasts and industry professionals in the fields of logic, language, and computation. This esteemed symposium brings together experts from all around the world to share groundbreaking research and explore the frontiers of knowledge. With its rich heritage and commitment to fostering intellectual growth, TBILLC promises to be an intellectually stimulating and unforgettable experience.

Discovering the Essence of TBILLC

International Tbilisi Symposium On Logic, Language, And Computation (TBILLC) is a renowned event that has a long-standing tradition of bringing together eminent researchers, scholars, and practitioners in the domains of logic, language, and computation. With its highly regarded reputation, TBILLC has become a platform for intellectual exchange, collaboration, and innovation.

At its core, TBILLC aims to explore the interplay between logic, language, and computation, unveiling the intrinsic relationship between formal systems, natural languages, and computational models. By delving into these interconnected fields, TBILLC seeks to unravel the mysteries of human thought, communication, and computational intelligence.

The 11th edition of TBILLC is set to take place in the captivating city of Tbilisi, Georgia. Known for its historical significance, lively culture, and stunning landscapes, Tbilisi provides the perfect backdrop for this intellectually invigorating event. Attendees will have the opportunity to absorb the rich local traditions and immerse themselves in the city's vibrant atmosphere.

Presentations and Topics Covered

TBILLC offers a diverse range of presentations and discussions, ensuring that attendees gain well-rounded insights into the fascinating world of logic, language, and computation. The symposium covers a multitude of topics, including:

- Formal Logic and Mathematical Logic
- Computational Linguistics and Natural Language Processing
- Foundations of Artificial Intelligence
- Language in Computation and Computation in Language

- Logic and Cognitive Science
- Logic and Linguistics
- Philosophical Logic

These captivating discussions not only shed light on the fundamental principles within each field but also explore their intersections, providing attendees with a comprehensive understanding of the intricate relationship between logic, language, and computation.

Exceptional Keynote Speakers

One of the highlights of TBILLC is the opportunity to listen to world-renowned keynote speakers who have made significant contributions to the field. These esteemed individuals share their expertise and present cutting-edge research, pushing the boundaries of logic, language, and computation. Their captivating talks inspire attendees and offer novel perspectives, leaving a lasting impact on the audience.

Networking and Collaboration Opportunities

Aside from the enlightening presentations and discussions, TBILLC also provides ample networking and collaboration opportunities. Attendees have the chance to engage with fellow professionals, exchange ideas, and forge meaningful connections. These connections often lead to fruitful collaborations, opening new avenues for research and advancement within the field.

Beyond the Symposium: Exploring the Enchanting City of Tbilisi

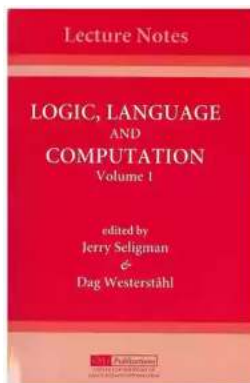

TBILLC is not just about intellectual enrichment but also immersing oneself in the unique cultural experience offered by the host city. Tbilisi, the capital of Georgia, boasts a rich history, architectural marvels, and delectable cuisine. Attendees can

explore the cobblestone streets of the old town, visit ancient churches, indulge in traditional Georgian cuisine, or relax in the city's charming parks.

Additionally, Tbilisi serves as a gateway to explore the natural beauty of Georgia. From the breathtaking mountain landscapes of Kazbegi to the stunning wine region of Kakheti, attendees can extend their visit and indulge in exploring the diverse wonders this beautiful country has to offer.

Register Now and Join the Grand Gathering of Intellectual Minds

With its impressive lineup of speakers, engaging presentations, and networking opportunities, the 11th International Tbilisi Symposium On Logic, Language, And Computation (TBILLC) is an event that should not be missed. Join this grand gathering of intellectual minds, expand your knowledge, and contribute to the advancement of logic, language, and computation. Register now to secure your spot and be a part of this extraordinary experience.

This book constitutes the refereed proceedings of the 11th International Tbilisi Symposium on Logic, Language and Computation, TbiLLC 2015, held in Tbilisi, Georgia, in September 2015.

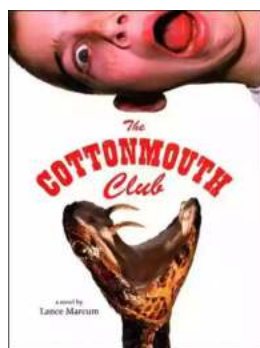

The 18 papers in this book were selected from the invited submissions of full, revised versions of the 37 short papers presented at the conference, and one invited talk. Each paper has passed through a rigorous peer-review process before being accepted for publication.

The biennial conference series and the proceedings are representative of the aims of the organizing institutes: to promote the integrated study of logic, information and language. The scientific program consisted of tutorials, invited lectures, contributed talks, and two workshops.
