For five hard-working years i was in The roofing and construction business where we inspected the tall in steep for insurance companies. from being in the construction industry I knew a house almost in and out. There was a strong urge in me to want to get in the Real estate business. The only problem was I didn't have credit or enough money at least that's what I thought. months later I gather

information on getting my first property and took action. It shocked me because one, I didn't have to have good credit or I didn't even have to own a single property to start this industry. Still with the inspection company I started my first vacation home. Weeks after that I got a call from my job and laid off. At that point I had -\$456 in my in my bank account with no paycheck coming the following week. Simply because I had invested all my money into this Vacation home. But looking back on it that was the best thing that ever happened to me. I started to spend more energy on that one property and got booked out for my first month. With now a couple properties under my belt I am proud to say I no longer work for money money works for me and after reading this 13 step e-book you will know how to make money also.
