The Luck Lady Cookbook by Gary E. Brown is a fun companion to the action-adventure novel Caribbean High, the first novel in the 'Caribbean' series. The novel follows the adventures of three friends who have escaped a violent military past to live life in the tropics. The schooner Lucky Lady, a floating bar, is another

exciting character in the story. Adventure on the high seas is a theme that runs through Caribbean High and the idea for this cookbook came from readers who asked the author to share some of the recipes he has prepared while crossing oceans or at anchor in some exotic port. The food has been eaten, the drinks, often too many, have been drunk and the results can be found in The Luck Lady Cookbook – First Voyage.
