Can one girl save the world?

A single sentence is muttered from the lips of an assassin dangling from a four-story building,

“It starts in Montrovia.”

That sentence led Black X to send a spy to protect Prince Lorenzo.

And that sentence haunts Huntley as she realizes her time is running out.

When athletes from around the world descend on Montrovia for the Olympics, another group is coming together, its years of planning a new world order finally coming to fruition.

A disease is released.

People start dying.

And, with rumors of an impending coup, the country falls into chaos.

Alliances are betrayed.

Lives are lost.

Loves are challenged.

And hearts are turned.

Can Huntley stop what has started, or will Montrovia and the world fall?
