♥ ♥ The first half of the award-winning Singletree romantic comedy series, plus a never-before-published story from USA Today Bestselling author Delancey Stewart! ♥ ♥

Welcome to Singletree, Maryland, the quirky small town you'll wish was your own! The place might be small, but it's home to some of Delancey Stewart's most-loved couples.

This collection includes:

## Book One: Happily Ever His

Ryan McDonnell is my ultimate movie-star crush. And my sister's boyfriend. But when he comes to visit for the weekend, I find myself falling for him, and he's telling me it's mutual.

But I don't want my sister hurt anymore than she already has been, and I definitely don't want my gun-toting granny to shoot the guy at her 90th birthday party (guns and cake are never a good combo). How am I supposed to believe that any uber-hot movie star would choose the regular girl over her glamorous movie star sister?

Can a relationship that starts as a secret fantasy ever survive in the real world?

## Book Two: Happily Ever Hers

My sister got her story. This one is mine.

I'm faking a relationship with my co-star, Ryan McDonnell, but I have very good reasons to do it. The problem? I'm in love with someone else. Someone who's standing by my side, watching me pretend to love my co-star--my former-Marine bodyguard, Jace. And I don't know if I can go through with the charade because it might mean losing the man I really love forever.

## Bonus Story: Tess Finds Trouble

The wedding is planned, and now it's time for the bachelorette party. But a girls' only trip to New York City can never be simple with Tess's spry pot-smoking granny and movie star sister on the guest list. Will Tess's celebration end in disaster? Or possibly behind bars?

## Book Three: Shaking the Sleigh

I'll just admit it right up front—I don't love the holidays. In fact, Christmas makes me downright cranky.

Call me the Grinch if you must, but if your dad chose that day to decide he was wrong about that whole wanting a family thing, you'd grow up miffed about mistletoe too. Every candy cane, ugly sweater, and falalalala reminds me of the worst day of my life.

So when my uncle—a bigwig network executive—gives me one last shot to salvage my disastrous TV production career on a show called Holiday Homes, I've got no choice but to suck it up, head to the small town of Singletree, and fake festive.

The problem?

Callan Whitewood. The sexy, sullen former pro-soccer player might be the one person on earth who hates the holidays more than I do. After a devastating injury ended his career, he's left with a limp, no idea what to do with his future, and a cheerless attitude worthy of Ebenezer Scrooge. But I've got a TIME LIMIT to convince the gorgeous grump to allow his home to be featured as the pinnacle of the Christmas episode of the show that's going to save my career.

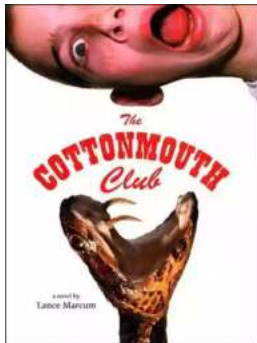

That is, if I can keep my hands off him... but I'm having a bit of trouble sticking to the task.
