Newly graduated from high school with her whole world in front of her, Isabella has everything she could ever ask for until she meets Sebastian.

A boy whose life is falling apart before his eyes.

A boy who is not in high society and, therefore, her mother would never approve.

A boy who seems to put her at ease like no one else has ever done.

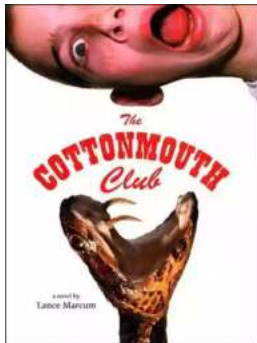

The Skyline Mansion series introduced Isabella and Sebastian in their late twenties after they had drifted apart, but once upon a time, they were perfect for each other.

Summer of New Love is a novella companion of the Skyline Mansion family saga. It ventures a look into how a girl who has everything and a boy who has lost everything can find common ground in love.
