A memoir of heroism, comradeship, danger, and laughter aboard a Vietnam patrol craft, as a small crew grew into a seasoned combat team. Includes photos.

During the Vietnam War, 3500 officers and men served in the Swift Boat program in a fleet of 130 boats with no armor plating. The boats patrolled the coast and rivers of South Vietnam, facing deadly combat, intense lightning firefights, storms, and many hidden dangers.

This action-packed account by the Officer in Charge of PCF 76 makes you part of the Swift Boat crew. The six-man crew of PCF 76 was made up of volunteers from all over the United States, eager to serve their country in a unique type of duty not seen since the PT boats of WWII. This inexperienced and disparate

group of men would meld into a team that formed an unbreakable lifelong bond.

After training, they were plunged into a twelve-month tour of duty. Combat took place in the closest confines imaginable, where the enemy could be hidden behind a passing sand dune or a single sniper could be concealed in an onshore bunker. In many cases, the rivers became so narrow there was barely room to maneuver or turn around. The only way out might be into a deadly ambush.

This is not a Vietnam memoir filled with political discussions or apologies. It simply tells the stories of these young, valiant sailors with humor and heartfelt emotion—in a suspenseful, surprising book that pays tribute to these sailors who, upon returning home, asked little of their country and received less.
